WESTLAW EDGE EDUCATION

Compare Text

Did you know you can quickly find differences and similarities between documents with Compare Text on Westlaw Edge™? Compare Text can be used for a variety of tasks including comparing statutes and regulations across jurisdictions, identifying how proposed legislation will affect existing law, and comparing expert witness resumes.

Comparing documents is simple. Highlight up to 4,000 characters from the documents you would like to compare and right click “Add to Compare”. From here you can toggle through similarities and differences, shown in blue highlighting and red strikethrough. You can review the comparison in two different layouts: Side By Side View or Compare View.

Coverage includes cases, statutes, regulations, secondary sources, trial court orders, expert materials, court rules, legislative history, proposed and enacted legislation, proposed and adopted legislation, administrative decisions and guidance, and Business Law Center content.
