<tbody>
<tr>
<td>Hot Topics</td>
<td>We have launched a new feature called Hot Topics. Hot Topics are curated pages of content dedicated to a current issue that has been identified by our editorial team as having a substantial impact on compliance risk in the banking, financial services and insurance sector. For each Hot Topic, you can now find and access all the news, expert analysis, regulations, legislation, agency materials, and recent regulatory events with just one click. This release includes Hot Topics pages for GLOBAL COVID-19, US COVID-19, and MiFID II. Please note the US COVID-19 page we’ve created is dedicated to US specific content and thus will require a North American or Global subscription to access some of the documents.</td>

View of REGULATORY INTELLIGENCE

The COVID-19 pandemic is causing, and will continue to cause, unprecedented levels of stress and uncertainty around the world. Health authorities and companies are being impacted by the virus, and companies are adapting strategies.
The Markets in Financial Instruments Directive (MiFID) is the EU legislation that regulates firms that provide services to clients linked to financial instruments (shares, bonds, units in collective investment schemes and derivatives), and the venues where those instruments are traded.

The changes, are currently set to take effect from 1 January 2020, with the new legislation being known as MiFID II - this includes a broad MiFID II and MiFID IIa in Financial Instruments Regulation (MiFIR).
